

SENIOR PROJECT MANAGER

The company is looking for a Senior Project Manager. • The candidate is responsible for planning and overseeing projects to ensure they are completed in a timely fashion and within budget.

The project manager plan and designate project resources, prepare budgets, monitor progress, and keep stakeholders and PMO informed the entire way. This is all done within the confines of a company's goals and vision.

The candidate will be responsible for the following activities:

- Manage several projects (even simultaneously) in the automotive and motorsport fields;
- The activities will range from time management, to coordination of team works, planning meetings and update meetings, always monitoring costs to maintain the established budget;
- Reporting progress weekly to the PMO.

Requirements:

- Bachelor's or master's degree in Management or Industrial Engineering;
- Experience of at least 2 years as a project manager;
- Minimum technical experience in the motorsport or automotive sector, necessary to coordinate the project team;
- Detail-oriented and have excellent communication skills;
- Experience in motorsport or automotive project;
- Good knowledge of project management software such as Microsoft Project, Excel, Power point;
- Good knowledge of ERP Business Central would be a plus.
