

SENIOR QUALITY OPERATOR

The company is looking for a Senior Quality Operator. The resource will be able to deal with a dynamic and young environment.

Assignment don't include a 100% commitment to pure quality control but a different series of other activities that may also be outside the role described during peak activity times, as it is a predominantly motorsport sector.

The candidate will be responsible for the following activities:

- Non-conformities with related documentation management;
- Control of input and output components;
- Manage the documentation concerning the quality in the company and related to the certif. ISO 9001;
- Assist project managers with regards to quality aspects;
- Contribute to the evaluation and definition of suppliers with appropriate KPIs.

Requirements:

- The candidate must have at least 3 years experience in quality control;
- Be able to use 3D gantry measuring instruments (not necessarily the one owned by the company: Wenzel 3000x1500x800mm);
- High motivation is required.
